

Precautionary Statements:

If spilled, surface will become extremely slippery. Non-hazardous to Humans, Fish or Animals. No Protective clothing is required. However, it is recommended that gloves and eye protection be worn when handling and mixing. May cause skin and eye irritation in some individuals.

If product comes in contact with skin, wash thoroughly with soap and water.

If product comes in contact with eyes, flush for 15 minutes with pure water. If irritation persists, seek medical attention.

NO KNOWN ENVIRONMENTAL HAZARDS.

Storage and Disposal:

Avoid storage that may result in freezing. Store at temperatures above 40°F.

KEEP OUT OF REACH OF CHILDREN AND ANIMALS.

Store in cool dry area, avoid high temperatures, and carefully open containers. Shelf life of this product is one (1) year or longer if maintained at temperatures below 70°F and above 40°F.

Slight discoloration may occur after time without product being affected.

In case of spill, confine with any absorbent material. Use absorbent towels or pads to soak up spill. Then wash area with soap and water.

Note: Wear slip resistant shoes when handling spills.

Dispose at any sanitary landfill or other waste disposal site. (Follow all State and Federal disposal laws.)

Warranty:

Terawet Ventures, Inc. makes no warranty, either expressed or implied, concerning the use of this product other than indicated on the label.

Terawet Ventures, Inc. recommendations for the use of this product are based on tests believed to be reliable. The use and application of the product is beyond the control of the manufacturer, therefore no guarantees or warranties are expressed or implied relating to the effectiveness or performance of the product.

Salt Out™

Reduces
Soil Sodium
Levels

Root Salt Guard

Rapid Improvement
of Turf Color and
Vigor

Programmed use of *Salt Out*™ will reduce the sodium level in the soil. *NaEx*™ SEQUESTERS SALTS AND RENDERS THEM UNAVAILABLE TO PLANTS.

Salt Out™ displaces salts that occur as a result of irrigating with reclaimed water, high sodium levels in well water, pond water, fertilizer use, and ocean mist. *Salt Out*™ coats the plant roots protecting against salt damage and enhances nutrient uptake and nitrogen retention. Reduces the plants irrigation requirements. *Salt Out*™ contains a surfactant to insure proper soil penetration and even distribution

Net Contents: 2.5 Gallon-unless noted below

5 Gallons 30 Gallons 55 Gallons 250 Gallons

Great For:
Golf Course
Greens, Tees &
Fairways
Sports Fields
Sod Farms
Home Lawns

Contents:

Liquid copolymer surfactant, humectants, sulfates and proprietary additives.
(NOT A PLANT FOOD)

Treatment Program:

Initial application for severe conditions apply 4 gallons per acre or 12 fl.oz per 1000 sq.ft. Reapply at 8fl.oz per 1000ft² every two weeks until plant conditions improve. Apply 8 fl.oz per 1000 ft² monthly for maintenance. Lightly irrigate after application to wash it off the grass and place it down into the root zone.

High Irrigation Water Salinity: Proportionally inject 16 to 32 ounces of product per acre weekly with irrigation.

Ornamental and shadeTrees: Apply 0.25fl.oz per square foot of root canopy.

Growing conditions may dictate the need for specific application programs.

Tank Mixing Instructions:

Gradually add *Salt Out*™ to the mixing tank while filling. Make sure that the spray mixture is thoroughly agitated to provide uniform dispersion throughout. **Mix *Salt Out*™ at a ratio of 1 part to 40 parts of water for sprayer tank mixing.** Once *Salt Out*™ is in suspension, it will remain in suspension.

Salt Out™ may be applied by spraying, fertigation, pivot irrigation, hose end applicator or by hand drenching.
