

**Precautionary Statements:**

If spilled, surface will become extremely slippery.

Non-hazardous to Humans, Fish or Animals. No Protective clothing is required. However, it is recommended that gloves and eye protection be worn when handling and mixing. May cause skin and eye irritation in some individuals.

If product comes in contact with skin, wash thoroughly with soap and water. If product comes in contact with eyes, flush for 15 minutes with pure water. If irritation persists, seek medical attention.

**NO KNOWN ENVIRONMENTAL HAZARDS****Storage and Disposal:**

MUST BE USED WITHIN 90 DAYS AFTER OPENING.

Avoid storage that may result in freezing. Store in cool dry area at temperatures above 40° and avoid high temperatures. Shelf life of this product is one (1) year or longer if maintained at temperatures below 70° F. Discoloration may occur after time without product being affected.

**KEEP OUT OF REACH OF CHILDREN AND ANIMALS.**

In case of spill, confine with any absorbent material. Use absorbent towels or pads to soak up spill. Then wash area with soap and water. Dispose at any sanitary landfill or other waste disposal site.

**Warranty:**

Terawet Ventures, inc. makes no warranty, either expressed or implied, concerning the use of this product other than indicated on the label. Terawet Ventures, Inc.'s recommendations for the use of this product are based on tests believed to be reliable. The use and application of the product is beyond the control of the manufacturer, therefore no guarantees or warranties are expressed or implied relating to the effectiveness or performance of the product.

**U.S. Patents Pending**

# TeraFlo® AG

## Complete Moisture Management System

### Five Products In One

- 1. Provides immediate drought relief & heat stress control**
  - 2. Reduces water friction for rapid soil penetration**
  - 3. Dramatically increases water filtration**
  - 4. Enhances performance of all other products**
  - 5. Prevents build up of sodium salt**
- **Immediate drought relief & heat stress control**
  - **Dramatic increased water conservation**
  - **Reduces water friction for rapid soil penetration**
  - **Aids in sodium salt depletion from root zone**
  - **Relieves hydrophobic soil conditions**
  - **Increases nitrogen holding capacity**
  - **Increases performance of all other products**
  - **Eliminates all localized dry spots**
  - **Environmentally friendly**

**Contents:**

Liquid Sodium Acrylate/Acrylamide Copolymer, Surfactants, Micro-Nutrients, Sulfates and Water. (NOT A PLANT FOOD)  
Exempt from EPA registration. Meets all FIFRA requirements. For use with all plant types including food plants.

**Application rate:**

For turf, 10-12 oz. Per 1000 sq ft for rapid relief from drought or heat stress. 8-10 oz every 4-6 weeks for maintenance. Light watering is recommended after every application then resume normal watering procedures. Watering cycles may be reduced after turf has recovered. Applied properly will reduce watering required to maintain healthy turf and plants. **Will transform brown stressed turf in 4-8 days.**

For trees inject or irrigate at a rate of 2 oz./inch of tree diameter. May be applied by hose end sprayer, drip irrigation, overhead and pivot sprinklers, fertigation systems or tank sprayers.

**Tank mixing instructions:**

Gradually add TeraFlo® AG to the mixing tank while filling.

Mix at a ratio of 30:1 TeraFlo® AG to water. Make sure that the mixture is *thoroughly agitated to provide uniform dispersion throughout*. Once in suspension it will remain in suspension.

**Net Contents: 2 ½ gallons**
